Is Online Learning Right for Me?

Online courses are not a good learning environment for all students. Online courses are **not** easier than classroom courses. **Students and parents** should work together to complete an online self-assessment. Please click the following link (or paste to your browser's address bar) and answer all of the questions, then submit:

STUDENT SELF-ASSESSMENT SURVEY LINK: <http://goo.gl/forms/j9i8wkq9tj>

Also, provide the link below for the teacher assessment to at least **TWO** teachers of your choosing for them to complete an assessment of you as well.

TEACHER ASSESSMENT LINK: <http://goo.gl/forms/MqSlfc9nqA>

You will also need to take the Clue In Orientation and send the results to Scott Kessel at skessel@aledoisd.org.

I will do my best to succeed in taking online classes and understand I must meet or communicate with my mentor a minimum of 1 hour a week during the course as needed.
